

A Choice of Two Cities - Making Comparisons

Do you recognise these two cities? Have you visited either of them?

Write a list of adjectives you'd use to describe photo 1 and photo 2

Photo 1	Photo 2

Make these adjectives into the Comparative form. You can check the rules in the summary about Comparative and Superlative forms provided. Write down 4 sentences using these comparative forms.

Discussion

Which one would you prefer to visit? Why? Consider and compare the following things:

- The history
- Famous places to visit
- The people (locals and tourists)
- The culture
- Things you can do there

Think of a different city you have visited or would like to visit. Find someone in the class who doesn't have the same choice of city and make comparisons using the list above.
